

April 8, 2021

Dear Camper Families,

We hope that you and your family are well. We wanted to give you an update on the day camp program in partnership with City of Kalamazoo Park and Recreation this summer. **Registration for this program will open on Monday, April 12, 2021 for City of Kalamazoo Residents and on Monday, April 19, 2021 for Non-Residents.**

The free program that we are working with this summer is Super Rec for campers 7-12 years old. Registration for this program is through the City of Kalamazoo Park and Recreation website at [www.kzooparks.org/superrec](http://www.kzooparks.org/superrec)

This year's summer day camp experience will include several of our traditional camp experiences including: arts and crafts, nature, fishing, kayaking, swimming, STEM, and other special camp experiences. While remaining in compliance with health and safety guidelines, we promise to do our best to bring camp fun to our community.

We look forward to seeing many of you this summer and to having you back sleeping under the stars at Pretty Lake in 2022, until then come and experience Pretty Lake like never before.

Sincerely,

Jamie Jannusch  
Camp Director
